THE WAY OUT

For Real & Positive Change

- Heal Worldview
- Non-Support Of Dominators
- Change Quality Of Attention
- Develop Mindfulness
- Develop True Present Moment Awareness
- Use Of Entheogens In conscious context
- Change Diet
- Positive Thinking
- Detach From Monetary System
- Help others to awaken

NON-SUPPORT OF DOMINATORS

Controversial

From Latin:

Contra: facing, face-to-face, against

Verso, versare: to change, to alter

Face-To-Face With CHANGING

CARNISM

A dogmatic ***RELIGION*** based entirely upon ***VIOLENCE***, the main belief system of which is that it is morally justifiable and/or necessary to kill animals and eat their dead flesh.

THE *ULTIMATE* EXPRESSION OF

DOMINATION

CARNISM

The **"Normal-Natural-Necessary"**
Argument is provably false, immoral
meat-industry propaganda.

THE *ULTIMATE* EXPRESSION OF
DOMINATION

Over **10,000,000,000** land animals were slaughtered *in the United States alone* in the year 2011. If aquatic animals are factored in, the total number of animals killed for human consumption in the U.S. in just this one year was nearly **65,000,000,000**. Worldwide figures place total number of animal deaths at human hands in the year 2011 alone to be well over **150,000,000,000**.

Ask yourself the question:

What is this doing *energetically* to the field of Consciousness in which we are *all* living?

They kill other animals for food, so why shouldn't we do the same?
We have our own problems, don't have time to worry about whether they suffer or not
Don't worry, this one was killed "humanely"
I do feel bad, but I could never give up "my" meat, it's just too tasty
God gave us dominion over them, so that means we can murder and use them as we please.
They're not conscious or aware like us, so it's ok to kill them for food

JUSTIFICATION

From Latin

***jus**: right; law*

***facere**: to make; to create.*

To "Create" Right

Justifications For Carnism

The Apathy & Ignorance Justification:
"We have our own problems, we don't have time to worry about whether they suffer or not."

The Fundamentally Flawed Idea of the "Natural Order" Justification:
"They kill other animals for food, why shouldn't we do the same?""

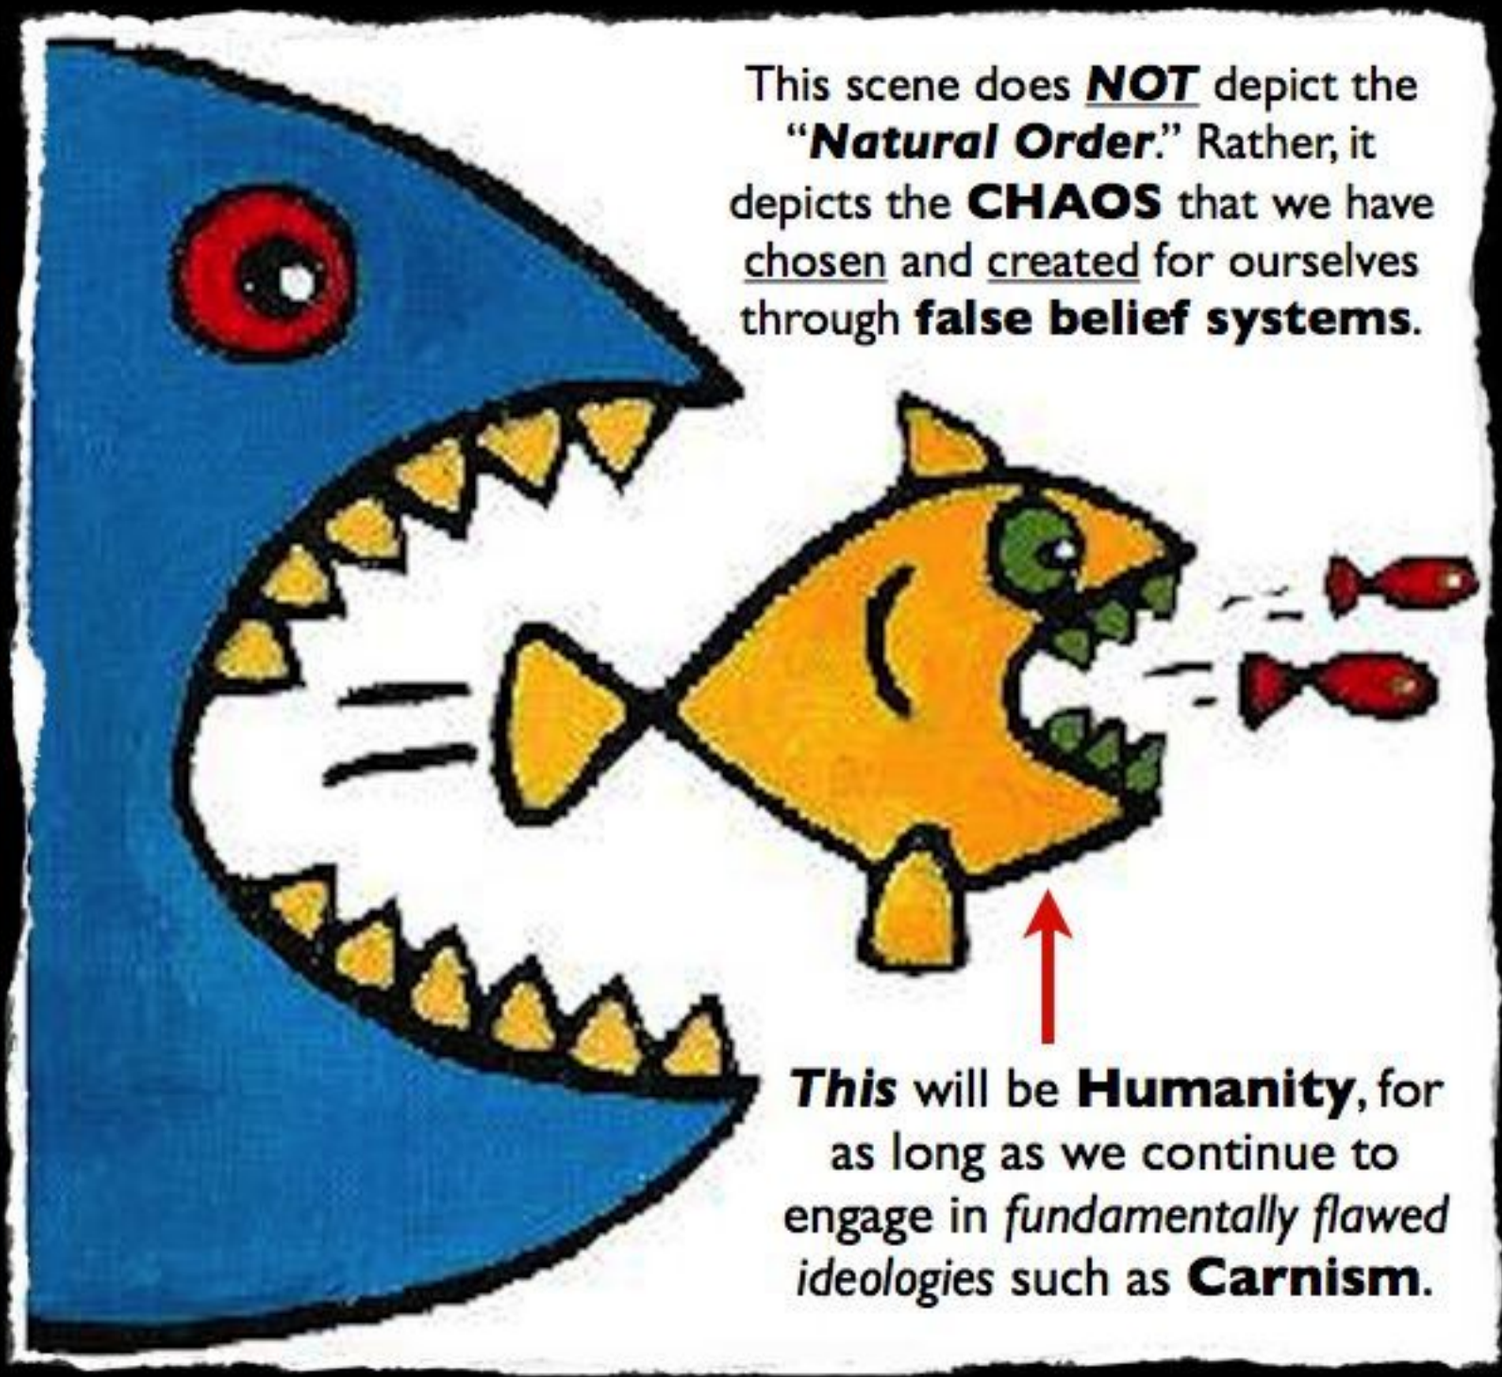
The False Religion Justification:
"God gave us dominion over them, so that means we can murder and use them as we please."

The 1984 Double-Speak Justification:
"Don't worry, this one was killed 'humanely.'"

The Separation Worldview Justification:
"They're not conscious or aware like us, so it's ok to kill them for food."

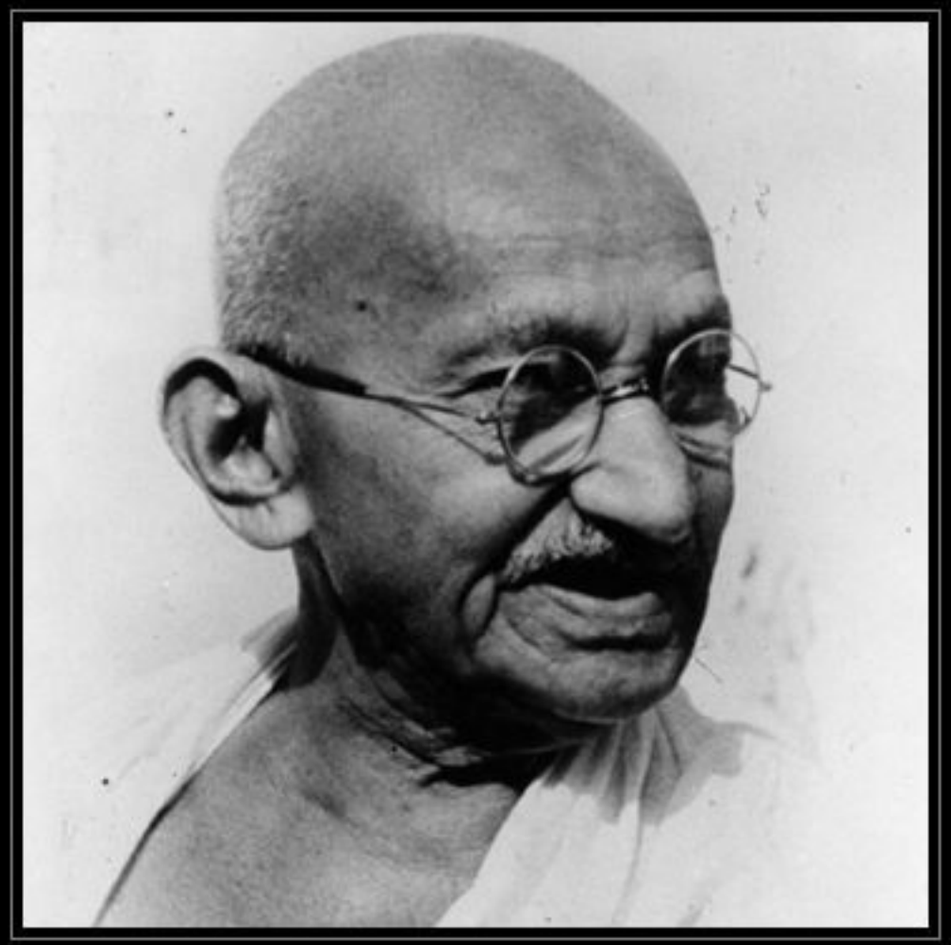
The No-Justification Justification, *aka* The Truth:
"I *do* feel bad, but I could never give up 'my' meat; it's just too tasty."

The Law Of Correspondence



This scene does **NOT** depict the "***Natural Order***." Rather, it depicts the **CHAOS** that we have chosen and created for ourselves through **false belief systems**.
This will be **Humanity**, for as long as we continue to engage in *fundamentally flawed ideologies* such as **Carnism**.

"That Which Is Above Is Like To That Which Is Below."



"A nation's moral progress can be judged by the way it treats its animals."

- Mahatma Gandhi
